HOW DO I SEND MY DATA?

For transferring your project data to Phénix Noir Productions you have **three** means at your disposal:

1. via upload service (e.g. wetransfer.com)
2. using our own FTP account (you will receive an own secure space on our server)
3. sending us a data storage device (USB thumb drive, DVD, hard drive, etc.) by post

WHAT DO I NEED TO PAY ATTENTION TO IN MY FILES?

Before you send in material for mixing, please observe following things:

1. The starting point of all tracks needs to be the **same**.
2. The files may be saved in these formats: WAV or AIFF (**no MP3!**)
3. Files with a sampling rate of at least **44.1 kHz at 16 bit. 44.1 kHz or higher at 24 bit recommended**
4. Please provide files **without** effects unless they happen to be special effects.

FAIRNESS FIRST! NO MAZE OF LICENSES AT PNP

In case you are interested in a composition or arrangement, you've certainly visited web sites of some competitors. In contrast to the majority of our colleagues we decided not to confuse our customers with expensive and complicated licensing models.

That means:

1. Our final fee actually is a **final fee!**
2. You obtain **unrestricted** rights of use, regardless of how you use the material and for what purpose!
